

2020 IN REVIEW

Hear My Voice- Women's Network was established in April 2020. Through this Newsletter, we would like to share with you an overview of the work we have accomplished over the past year.

Hear My Voice- Women's Network is a platform that brings together women, from all over the globe, to discuss current issues that are important to them and their communities. Our platform creates a safe place for women to share their ideas and opinions, and provides an outlet for their questions. This is a place to learn through conversation and free expression. We offer women the opportunity to join our online programs, webinars and networking events, to enhance their public speaking skills and ignite their passion to create positive changes in their communities.

HEAR MY VOICE- WOMEN'S EMPOWERMENT PROGRAM

The Hear My Voice- Women's Empowerment Program is an 8 week, interactive and thought provoking platform that brings together women from across the globe. In 2020, we held a total of 6 Programs reaching 78 participants from 25 countries.

WHAT OUR GRADUATES HAVE TO SAY

"Due to the safe space created and feeling the representation and solidarity which allowed me to feel comfortable receiving constructive criticisms by my peers and even feel empowered because I have actually learned from said criticisms without feeling less credible."

Nang Yin Myat Nwe

"I absolutely enjoyed meeting so many wonderful ladies through the Hear My Voice- Women's Empowerment Program. Learning what challenges these women have faced made me feel that I am not alone. Women all over this world are facing the same issues I face in my day to day."

Libby N.

BUILDING AN ONLINE COMMUNITY

We strive to foster an online community of women, from across the globe, that are passionate about the promotion of women's rights and gender. In order to meet this objective, we have established several initiatives.

Our monthly Networking Meetings, provide an opportunity for women to come together and share experiences and knowledge. In 2020, we hosted 10 Monthly Network Meetings and 7 online interactive events, these were attended by over 230 women from over 20 countries. For each online event, we invited female experts to join us and share their extensive knowledge and experiences with our Network. The topics covered at these events included; Sexual and Reproductive Health, Feminist Activism, and Women's Access to Justice. We happily ended the year with a festive Christmas party.

LAUNCHING OUR WEBSITE

The launch of the Hear My Voice- Women's Network website was a significant milestone on our journey to empower women across the globe. On our website, you can learn more about our mission and vision, meet our team and explore the work that we do. We are always looking for ways to connect and collaborate, so take a look at our website for opportunities and information about how to get in touch.

WHAT TO LOOK OUT FOR IN 2021

As we leap into 2021, Hear My Voice- Women's Network will continue to deliver our Women's Empowerment Program and host regular online events. We will release our song and music video which aims to promote a healthy body image and self-love.

Thank You

for your support and commitment in 2020
